

Sacred Currents
A Journey of Earth and Sea
With Special Guest Abby Lynn

February 3-13, 2027
Kona, Hawaii

Answer the call of the Pacific where Earth and Ocean energies, elemental guardianship, and whale and dolphin frequencies converge as one living temple. Held within the volcanic fires, crystalline waters, and cetacean wisdom of Hawaii, you'll be expertly guided through the oceanic codes with Lisa Denning, anchored in meditative presence with Hydee Tehana, and activated by sacred Earth and elemental song with Abby Lynn, creating a powerful field for transformation and transcendence.

This is a powerful retreat and those of you who feel called to be here at this time, may carry energetic codes that match the original Earth's grid template where the Earth was full of peace, harmony, and balance. There are those who talk about the sacred land of Hawaii being the mountain tops of Lemuria where these beings of light held these sacred codes of harmonizing resonance. These harmonics are being activated once again and many of you are remembering.

The Big Island of Hawaii is immersed in the spirit of Mother Nature where your spirit can reconnect with the mystery and magic of life itself as we are meant to play and have fun. Life is not meant to be hard, fragmented, mind-centered, or depressing as these are the old, dense timelines which are imploding right now. We are activating and remembering through our hearts and allowing our hearts to lead the way.

This is an invitation where you will be met by the dolphins, whales, animals, trees, and more where you can allow your being to rest, relax, and rejuvenate along with a return to simplicity, curiosity, and the childlike ability to be surprised by life again. Each of these beings are exuding sounds, frequencies, and vibrations. If we "tune in," we can hear their essence with every cell of our being as they are all reminding us of so much more than we can perceive with our 5 senses.

Some of the most powerful, yet gentle giants on this planet live in the water and we call them "Whales." Who are they really? Why do they stir the soul of the human and draw us closer to swim with them? There are many whale and dolphin species surrounding Hawaii and the Humpback Whales will be here during this retreat where they are playing, giving birth, mating, and nurturing their young before moving back up north.

Their primal sounds sing and call to our soul essence. These Humpback Whales are very social and offer close encounters as they feel our energy. Many of us have connections with these whales beyond what the conscious mind knows. Each cetacean has different sounds and sonar which activate us on many levels. Just being in the ocean, immersing ourselves in the saltwater will re-tune our being to the highest levels.

There will be days during this retreat where we will spend time on sacred ground around the island and at our farm, Tehana Ohana. The sacred sites that we will be going to are powerful spots on the Earth where many rememberings and activations happen. At our farm, you will have time to ground,

connect, be with the mini-cows, mini-donkeys, sheep, turkeys, ducks, dogs, cats, chickens, trees, land and more. There is also optional massage and healing sessions while at the farm and you will be nourished by food from our land.

We are being asked to come back into pure presence which is the only place where we have power for past and future only live in our minds. Through connection with Mother Nature, plants, trees, stones, animals, and the living intelligence present all around us, we will shift our ways of being into the higher timelines that we now have access to. Sacred sound is opening these for us as well.

This 10-day land and sea experience will touch ALL of your senses and leave you feeling deeply connected. This is an expansive and experiential retreat where your intentions lead the way for what your soul wants to experience as you stay open and curious. There are limited spaces here, so please contact us if you are interested to hold your space. We look forward to diving in and having fun together!
